the university's other classes to aid in their research.

Please indicate any preparation or set-up you will need in the Martin Center for Field Studies an... none

Provide a brief description of (1) your proposed activities, (2) goals, and (3) impacts of your u... My partner and I are planning to do a topographic and Bathymetric survey of the areas around the University of Akron Field Station building for the final project of our Surveying Degrees. This will involve taking mobile GPS units through the wooded areas to take point data, no physical marking required, and for the bathymetric side of things, we'll be using a remote control pontoon boat (small). We're planning to create a topographic map of the area that will include the depths of the pond, visible in a 3D space. There wont be any negative impacts on the preserve, but we are hoping that the maps can be used by
